Based on class registrations, five classes will be selected for the Getaway along with Open Studio. Please list your three choices on your registration form.

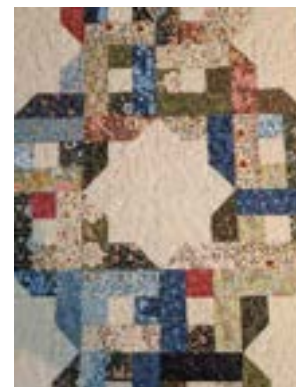

A Bevy of Birds – Instructor Cathy Parker

Time to put your love of birds to the needle. We will be working up a variety of our feathered friends using traditional piecing techniques and using your flair for design to create your own flock. This is not paper pieced. I ran across the free 2013 pattern from Block Lotto and have expanded the flock of birds to different sizes and shapes. Precutting instructions will be sent to participants.
Class Type: Traditional piecing
Skill Level: Confident Beginner/Intermediate.
Additional Cost: \$5.00 pattern provided by instructor

Over and Under – Instructor Debbie Cattell

Over and Under is a modern and scrap friendly design that features a crisp white/solid/neutral background with contrasting colored print squares. It is designed for quick construction using jelly roll precuts (or 2 1/2" x 4 1/2" units). It features a woven look, ideal for highlighting bold fabrics. Pattern is to make a 61 1/2" x 61 1/2" quilt. If you want a larger quilt, make sure you are purchasing enough fabric/jelly rolls.
Skill Level: Confident Beginner/Intermediate.
Class Type: piecing
Additional Cost: none

Picasso – Instructor Debbie Shives

Turn your fabrics into diamonds and rectangles with simple cutting and clever sewing. Make your own "Picasso" quilt with no wasted fabric, no templates, and no special ruler. It's quilt magic! Choose size and setting options for 56" x 63" or 64" x 64" quilt.
Skill Level: Intermediate
Class Type: piecing
Additional Cost: \$5.00 pattern provided by instructor

Pinyon Jay Pincushion by Sue Spargo – Instructor Megan Sorn

Students will learn the art of wool applique while creating a Pinyon Jay pincushion. The wool will be whipstitched in place and embellished using ten different embroidery stitches (hand embroidery) to create an adorable and brightly colored bird.

Class Type: Wool applique with hand embroidery
Additional Costs: Pinyon Jay Wool and Thread Kits

Point of View Kaleidoscope Folded Star Table Topper - Instructor Sandi Blackwell

An interesting table topper design made with a kaleidoscope design in the center surrounded with prairie points. I will also give instructions on how to use the kaleidoscope center design in a quilt.

Skill Level: Confident Beginner

Class Type: Piecing

Additional Costs: Point of View Kaleidoscope Folded Star Table Topper Pattern and Point of View Kaleidoscope Acrylic Template by Plum Easy (Instructor to provide further information)

Instructor is attempting to get discount for pattern and ruler. Further info will be provided from instructor.

Chain of Events – Instructor KC Howell

Two pieced triangles units, a four patch, and some flying geese combine to create the illusion of curves without sewing a single curved seam. Two rulers, Creative Grids Ultimate Flying Goose Tool and a “Tri Rec” ruler make the piecing fool proof and easy peasy. This project looks good in both scrappy and coordinated prints. The student will have a choice of using the Creative Grids 2 Peaks in 1, EZ Quilting Tri Recs Triangle Ruler or Lazy Girl Design Lazy Angle Ruler for the “Tri Rec” ruler.

Skill Level: Confident Beginner

Class Type: Piecing

Additional Costs: \$5.00 pattern from instructor

Paws and Prints: Betsy’s Whimsical Getaway Companions

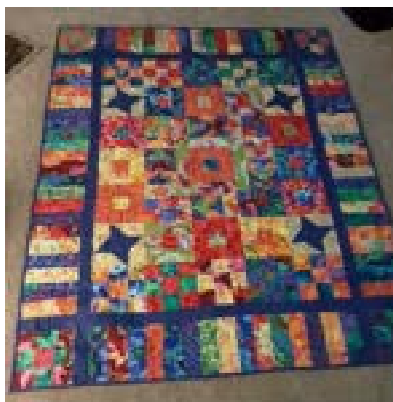

- Instructor Besty Bauman

Meet Coco and Chanel, the pretty cats, along with ruff and ready pups Digby, Winston, and Bertie! These raw-edge applique designs by Betsy were created just for the 2027 NEORQC Getaway. Each character starts on a foundation, gets a friendly blanket stitch, and is then simply applied to the background. Want options? Coose one adorable animal – or mix and match to create your own design. Dig through your stash for black and white scraps and playful prints to sew up your whimsical pet quilt

Skill Level: Confident Beginner

Class Type: Raw edge Pictorial Applique

Additional Costs: \$20.00 cat pattern, \$25.00 dog patten, both patterns \$40.00 from instructor

Jelly Roll Sampler – Instructor Carolyn Brown

Students will turn one jelly roll and one yard of accent fabric into a sampler quilt using 2” x 4” and 6” blocks. It is built medallion style and finishes at 46” x 58”.

Skill Level: Confident Beginner
